## DETAILED ACTION

### *Specification*

1. The preliminary amendment filed September 05, 1997 is objected to under 35 U.S.C. 132 because it introduces new matter into the disclosure. 35 U.S.C. 132 states that no amendment shall introduce new matter into the disclosure of the invention. The added material which is not supported by the original disclosure is as follows:

The amendment to the specification, at the last paragraph of page 3, “[I]n Table IV, the first column corresponds to a given node, e.g. node...The eighth column identifies the audio which is to be produced in association with the node in column 1”, is not supported in the specification, as originally filed.

Applicant is required to cancel the new matter in the reply to this Office action.
